RESPONSE

Assistant Commissioner for Patents  
Washington, DC 20231

Sir:

This is filed in response to the communication from the Examiner dated April 8, 2002. This response provides a substitute computer diskette containing the sequence listing for the above-identified patent application together with a substitute paper copy of the sequence listing on the diskette. The content of the paper and computer readable copies are the same and contain no new matter. Applicant has corrected the organism type to read mammalian in accordance with the disclosure in the present application.

It is not believed that extensions of time or fees are required. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 CFR § 1.136(a), and any fee required therefore is hereby authorized to be charged to Deposit Account No. 50-0548 and the undersigned is requested to be notified of any such charges.

Respectfully submitted,

Karen Lee Orzechowski
